

LATEST BULLETINS FROM REPUBLICAN NATIONAL CONVENTION

TAFT FORCE WINS FIRST HARD FIGHT

Senator Root Defeats Governor McGovern in the Temporary Chairman Contest.

FIERCE BATTLE RAGES FOR OVER FIVE HOURS

Roll Call Gives New Yorker 558 to 502 for the Wisconsin Candidate.

Chicago, June 19.—Against the threats, charges and bitter invectives of the Roosevelt forces the Taft supporters in the Republican national convention put through the first portion of their program by electing Senator Elihu Root of New York temporary chairman.

In spite of the fact that Victor Rosewater, chairman of the national committee, consistently ruled out of order every motion made by the Roosevelt forces it required more than five hours on the vote for chairmanship.

The call of the roll was beset with difficulties from the very first name on the list of delegates, but in the end, when the tumult had died away, Senator Root was found to have won by a vote of 558 to 502 over Governor Francis E. McGovern of Wisconsin, with fourteen scattering votes and four not voting.

Both the Taft and Roosevelt forces are claiming that this vote indicates that their candidate is absolutely sure to win. The advantage appears to be with the president, however, for, while he is sure to lose some of the votes that were cast for Senator Root, it is asserted he will gain, if instructions are lived up to, some of the votes independently cast for McGovern.

Those leaders who have been urging a compromise candidate ever since they arrived in Chicago are pointing to another angle in the figures and say they know that it is essential to name a so-called "dark horse" to save the day for the Republican party.

ROOSEVELT MEN WILL

CONTINUE THE FIGHT.

While Mr. Root was made chairman and managed to deliver his "keynote" speech the fighting is to be renewed when the motion of the Roosevelt leaders to "purge" the convention of "fraudulent delegates" is disposed of. The Roosevelt people and the Taft people carried out their programs as announced in advance almost to the letter. The Roosevelt people say they are going to fight every inch of the way.

The cry of "bolters" was hurled at the Roosevelt delegates at times during the session, but the continuity of a bolt again seemed to be far distant.

California, under the leadership of Governor Hiram Johnson, assumed a belligerent attitude almost with the start of the roll call, when the two Roosevelt delegates from the Fourth district, unseated by the national committee, were not allowed to vote. Two votes for Root were the only encroachment in that state upon the vote cast for McGovern. Later Pennsylvania made a fierce protest against the vote of an alternate.

The chaplain had hardly finished his invocation before Governor Hadley was on his feet objecting to the personnel of the convention itself. This led to a long and intricate parliamentary argument.

Chairman Victor Rosewater of the national committee, upon whose shoulders had fallen the ordinarily perfunctory duty of calling the convention to order and presenting the recommendations of the committee for the temporary officers of the convention, found himself with an able-bodied job of presiding over what seemed to be a turbulent and passionate war of factions.

ROSEWATER'S VOICE

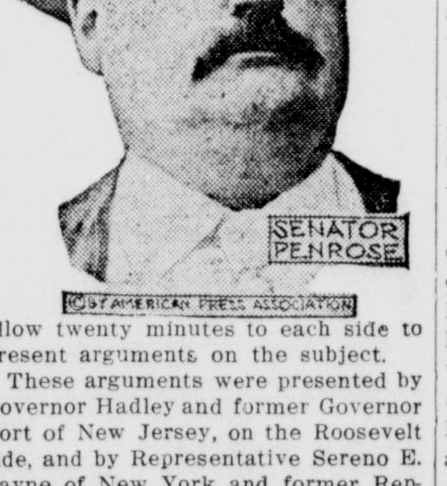

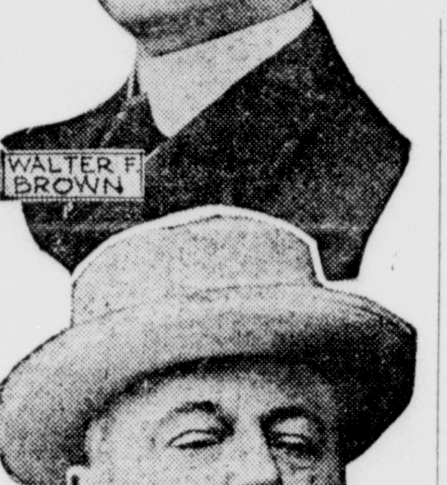

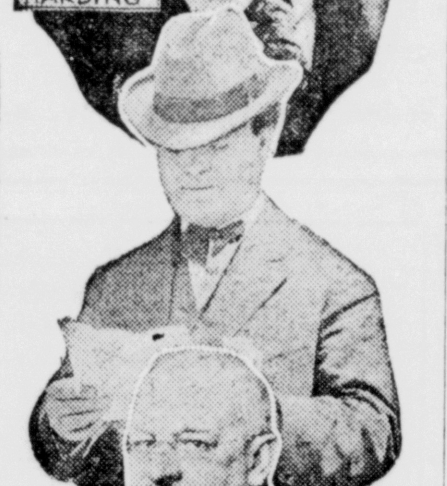

WAS BARELY AUDIBLE.

He was not in good voice and what he said was barely audible at the front of the platform, but trumpet voiced clerks with megaphones did all the necessary announcements, including the initial ruling upon the Hadley objection.

This ruling was to the effect that until the national committee had presented the temporary roll, made up from the credentials from the individual states and districts and its judgment upon contests, there was no convention; the gathering was a mere mass meeting; nothing could be done until a preliminary organization had been effected by the selection of a presiding officer.

He held that absolutely no business was in order save the choice of an arbitrary in his ruling and would officer. He said he had no desire to

allow twenty minutes to each side to present arguments on the subject. These arguments were presented by Governor Hadley and former Governor Fort of New Jersey, for the Roosevelt side, and by Representative Seno E. Payne of New York and former Representative James E. Watson of Indiana, in behalf of the Taft people. After the arguments were finished Chairman Rosewater renewed his ruling that nothing was in order but nominations for temporary chairman. He presented the national committee's recommendation of Senator Root and asked for further nominations. The Roosevelt men made no further opposition to this ruling and the roll call was begun.

9th District—Leon Filiatrault, Crookston.

Official Delegate Wisconsin State Federation of Labor—E. G. Hall, Minneapolis.

Official Organ—Labor Review, Minneapolis.

Next meeting place of convention at International Falls.

At 12:30 today the 30th annual convention of the Minnesota State Federation of Labor concluded its session in Brainerd, closing the largest and one of the most harmonious gatherings ever held. After the consideration of resolutions, nominations were declared in order for president of the state federation. N. C. O'Connor, of Minneapolis, nominated E. G. Hall, of Minneapolis, and H. W. Goetzinger, seconded it. Delegate Hartill nominated W. A. Rawson, president of Trades & Labor assembly of Minneapolis. Daniel E. Smith, of Minneapolis, seconded it. The vote gave E. G. Hall 142 and W. A. Rawson, 57.

Patrick Hogan, of Minneapolis, nominated W. E. McEwen, of Duluth, as secretary-treasurer and it was seconded by Peter Junger, of St. Paul. Tally Sinton, of Minneapolis, nominated E. A. Hawk, of Minneapolis, and it was seconded by Ernest Wagner, of Minneapolis. McEwen polled 147 votes and Hawk 55. Motion carried to bar nominating speeches.

For vice president of the first district C. C. Jensen, of St. Paul, received 104 and George Fischer, 84.

The selection of the vice president in the second district was left to the executive committee.

Louis Hallenberger, of Red Wing, was unanimously re-elected as vice president of the third district.

There was a contest in the fourth district, all candidates being St. Paul men. Axel F. Peterson, of St. Paul, was elected on the first ballot, the vote standing Peterson 137, George W. Lawson 92, Ernest P. Lee 66, W. C. Henning 53, and C. H. Joyner 40. Several withdrew and on the second ballot, to elect the second vice president from that district, the vote stood, George W. Lawson 114 and Ernest P. Lee 62.

For two vice presidents of the fifth district the vote stood J. C. Mulholland 135, N. C. O'Connor 135, O. A. Kolstad 53, James E. Hallock 45, all being from Minneapolis, the two highest winning out.

In the sixth district L. G. Gaspard, of St. Cloud, was unanimously re-elected. For the second vice president in this district P. T. Brown, of Brainerd, received 128 votes and J. W. Gabour of Brainerd, polled 60.

The eighth and ninth district vice presidents, S. S. McDonald of Duluth, and Leon Filiatrault of Crookston, were unanimously re-elected.

The Labor Review, of Minneapolis, was declared the official paper of the federation, receiving 104 votes and the Union Advocate of St. Paul, 76 votes.

For fraternal delegate to the Wisconsin State Federation of Labor convention W. E. McEwen, Duluth; F. N. Gould, Minneapolis; Phil Carlin, Frank Hoffman and E. G. Hall, were nominated. Many withdrew and the contest centered between President Hall who secured 101 votes and F. N. Gould 37.

International Falls was presented as a bidder for the next convention, the address being made by Delegate Thoms of that town. It was unanimously awarded International Falls, with the provision that if railroad rates could not be secured the executive council was to decide on a more central location.

The Minneapolis trades unions caucused Tuesday evening to endorse

two vice presidents from Minneapolis. Up to date international Falls has been the only town to make a bid for the next convention.

There is some contest for the honor of being designated the official organ of the federation and the labor Review has an opponent in the Minnesota Union Advocate of St. Paul.

Delegates of Minneapolis presented Rev. Father J. J. O'Mahoney, of Brainerd, who addressed the convention so eloquently on the opening day, with a present when he was leaving for Europe. Their gift was a traveling bag and a pair of ebony hair brushes.

Another meeting of the delegates to the State Federation of Printing Trades was held in the Commercial club rooms at which the constitution of the organization was revised, a comprehensive plan of work for the officers for the ensuing year was outlined, and the following officers elected: President, H. W. Gaspard, St. Paul, vice president, N. C. O'Connor, Minneapolis; secretary-treasurer, H. S. Holcomb, Minneapolis; executive board, the president, secretary and W. W. Latta, Brainerd; S. S. McDonald, Duluth; and L. G. Gaspard, St. Cloud. The federation holds its meetings at the time and place selected for the conventions of the State Federation of Labor.

The resolutions adopted Tuesday by the State Federation of Labor appropriated \$50 for defraying the expenses of organizing the building trades council.

Urged the passage of a bill creating a state plumbing inspector under the jurisdiction of the state board of health.

Favored a workmen's compensation and industrial insurance. N. C. O'Connor, of Minneapolis, nominated E. G. Hall, of Minneapolis, and H. W. Goetzinger, seconded it. Delegate Hartill nominated W. A. Rawson, president of Trades & Labor assembly of Minneapolis. Daniel E. Smith, of Minneapolis, seconded it. The vote gave E. G. Hall 142 and W. A. Rawson, 57.

Patrick Hogan, of Minneapolis, nominated W. E. McEwen, of Duluth, as secretary-treasurer and it was seconded by Peter Junger, of St. Paul. Tally Sinton, of Minneapolis, nominated E. A. Special to Dispatch:

Chicago, June 19, 2 P. M.—Governor Hadley speaks in favor of the minority report. His speech is widely applauded.

W. T. Dvovall is supporting the majority report in favor of seating the delegation instructed for Taft. His speech is interrupted by cheers on one side and groans on the other.

H. J. Allen, of Kansas, supports the resolution to unseat the contested delegates in permanent organization.

Allen's statement causes an uproar. Delegate Henninway supports the majority report.

Chairman Root attempts to quiet the crowd.

George L. Record supports Hadley's motion. There is much confusion in the convention hall.

Special to Dispatch:

Chicago, June 19, 2:30 P. M.—The convention gives two hours debate on Gov. Hadley's motion to seat the Roosevelt delegates.

Special to Dispatch:

Chicago, June 19, 3 P. M.—Albert Morrison, of Arizona, opposed the motion of Governor Hadley. He tried to show the election of delegates seated by the national committee.

Thomas Devine opposed the motion of Governor Hadley. The frequent interruptions caused Chairman Root to ask for order. Delegate McKay opposed the motion of Gov. Hadley. The audience is wild and hard to control.

Special to Dispatch:

Chicago, June 19, 3:52 P. M.—Roosevelt's chief lieutenants, including Governors Hadley and Deen, served notice today that they will not sanction a bolt under any circumstances. They made no secret of their opposition in this respect and announced it to a number of newspaper men.

Starting as peacefully as a high school debate, today's session of the National Republican convention was transferred into a howling bedlam of yelling partisans within an hour of the beginning of a three hour debate upon Gov. Hadley's motion to exclude from the convention 92 delegates who had been given their seats by the national committee over the protests of the Roosevelt men at the contest hearings.

IS TOO CLOSE FOR COMFORT

Taft Managers Working Hard to Hold Delegates.

Chicago, June 19.—The Taft managers privately admitted that the vote on the election of Senator Root as temporary chairman was "too close to be comfortable," although they insisted they would be able to maintain control of the convention.

"The vote showed unmistakably that we have control," said Director McKinley as he hurried into conference with his aides.

"Will you be able to keep the delegates in line?" he was asked.

"Certainly. The lineup will be preserved and we will gain more votes. The defeat will discourage the other side," was the reply.

Every effort of the Taft captains was directed toward holding firmly that narrow majority of eighteen by which Senator Root's election was accomplished. Estimates by Taft partisans placed the real Taft majority in the convention at between six and ten.

RUSHES TO ROOSEVELT'S AID

Delegate Lands From Atlantic Liner and Takes Special.

New York, June 19.—Edward B. Osborn of New Jersey, a delegate to the Republican national convention, made a quick landing from the Kaiser Wilhelm II. and hurried to the Grand Central station. A special train was waiting there to take him to Chicago.

Mr. Osborn had been delayed because of the strike on the steamer La France at Havre. He said that he would do anything in his power to get to Chicago in time to help Mr. Roosevelt get the nomination.

Cuba's best customer for cigars is Great Britain, which takes 60,000,000 every year.

McGovern Denies Disloyalty.

Chicago, June 19.—Governor McGovern protested that his candidacy for temporary chairman involved no sacrifice of allegiance to La Follette. He declared that he had been drafted and that the Roosevelt men sprung his candidacy without his consent.

JUSTICE HUGHES.
Will Not Permit Use of His Name Before the Convention.

HUGHES BECOMES EMPHATIC

Jurist Says He Would Refuse Republican Nomination.

Lake Placid, N. Y., June 19.—That his decision not to permit the use of his name before the Republican national convention at Chicago is final was made plain by Associate Justice Charles E. Hughes of the United States supreme court, who is spending the summer here.

Justice Hughes confirmed a report from New York that he had telephoned friends in New York and had telegraphed others at Chicago that he will not under any circumstance permit his name to be used and asked that all mention of him be stopped.

Justice Hughes stated that this decision is final. All use of his name is absolutely without authority and he has positively forbidden it. He will not permit the supreme court of the United States to be brought into politics, he says, and he declares he will not accept the nomination if it is offered him.

SALIENT POINTS IN THE KEYNOTE SPEECH

Many Visitors and Delegates Leave Hall While Root Talks.

Chicago, July 13.—Senator Elihu Root of New York, elected temporary chairman of the Republican national convention, delivered his "keynote" speech to a large number of empty seats, many spectators and delegates having left the hall in the turmoil which arose when he began.

Mr. Root praised the administrations of both Roosevelt and Taft in reviewing the achievements of the Republican party and quoted President Taft in praise of his predecessor. Other salient statements in his speech were:

"The present strife is a test of party's fitness to continue in power. It must show its ability to survive strife."

"Political parties are essential to orderly government and must rise above individuals."

"The Republican party has proved its fitness in the past. It has proved a living force in the nation."

"Constitution must be maintained through a self-controlled democracy."

"The country must choose between an old tried party and a new and untried one."

Administrations of both Roosevelt and Taft are praised with a review of the achievements of the present administration.

The United States must maintain the principles of the Constitution, which are the basis of prosperity, progress and liberty.

States must be protected from a centralized government in which laws for one section might be made by majorities in another.

Integrity of the courts must be maintained. Justice cannot be enforced except through the determinations of an independent and courageous judiciary.

Director McKinley Says Root's Vote Shows Taft Controls the Convention.

ROOSEVELT'S MANAGER TAKES ANOTHER VIEW

Senator Dixon Maintains Colonel Will Secure Presidential Nomination.

Chicago, June 19.—The Taft bureau countered on the Roosevelt men with two statements, one from Director McKinley and the other from William Barnes, Jr. Mr. McKinley's pronouncement follows:

"President Taft demonstrated his absolute control of the national Republican convention. His candidate for the position of temporary chairman, Senator Root, was elected to that position by an ample majority, the vote disclosing weakness of the Roosevelt following."

"Mr. Roosevelt admitted his own lack of strength by declining to place before the convention a candidate for temporary chairman. His managers attempted a coalition with the candidate of Senator La Follette, but the combination was repudiated."

"They attempted, however, to disguise their own weakness by this action and also to accomplish the overthrow of Senator Root by a united opposition. Mr. Root's splendid victory assures the nomination of President Taft."

Says Colonel Lacks Seventy.

"The full limit of the Roosevelt strength has now been polled and Mr. Roosevelt still lacks seventy or more votes of the necessary majority. Every effort will be made to debate and delay the consideration of all questions in the hope that opportunity will be given to make further inroads into the column of Taft pledged and instructed delegates."

"Their method will prove futile in the future as they have in the past. The defeat which they sustained is the beginning of their disastrous end. President Taft's renomination, always certain, is made positive by the developments of the first day of the convention."

"We have them whipped," said Senator Dixon, manager of the Roosevelt campaign, after the convention had elected Senator Root temporary chairman. "The vote proves it. It demonstrates beyond a doubt the impossibility of Taft's nomination."

The senator did not appear at all disappointed. He rushed around the Roosevelt headquarters from caucus room to caucus room, insisting that events of the next few important days would tell a different story.

Dixon Analyzes the Vote.

"It takes 540 votes to nominate," the senator declared. "Mr. Root received for temporary chairman 558 votes. In this vote were included seven votes from Illinois instructed in the primary for Roosevelt and these delegates have already announced their intention to carry out their instructions."

Further analyzing the vote Mr. Dixon claims for Roosevelt twenty-two votes cast for Senator Root which are instructed for Roosevelt and expressed confidence that the credentials committee of the convention would throw out some of the contested delegates seated by the national committee.

The action of the Wisconsin delegation in splitting on the temporary chairmanship was regarded as ominous by some of the Roosevelt leaders. Some of the delegates are said to be considerably aroused because Senator La Follette urged the delegation to take no action on the temporary organization.

TAFT MEN HIGHLY TICKLED

Like Attitude of La Follette Toward Roosevelt.

Chicago, June 19.—Progressives in Chicago, even those closely associated with the Wisconsin senator, are disappointed over the attitude assumed by Mr. La Follette toward Colonel Roosevelt. Most of the progressives insist that Roosevelt is the only one of their kind who stands a chance before the present party gathering and they are beginning to believe that Senator La Follette is more interested in feeding his grudge than he is in furthering the principles for which he stands. The same idea is entertained by the administration forces, who are tickled to death over the manifest determination of La Follette to keep his delegates away from Roosevelt if he is able to do so.

The M. & I. train from the north
was delayed nearly three hours this
morning, arriving about 6:15 A. M.
The delay was caused through a
work train going off the track at In-
ternational Falls just as the passen-
ger was pulling out, which necessi-
tated the building of a new track
around the wreck.

Don't forget that Crosby will cele-

NEW TENNIS COURTS

Brainerd Possesses Fine Players—
Has an Association With
Twenty-five Members

Baseball will not have all the
monopoly by way of outside athletics
and pleasure this summer. Tennis,
one of the most ancient of games, is
gaining a firm hold on scores of young
people who have been newly initi-
ated into its fascinating work in the
city, while scores of adepts now resi-
dents of Brainerd who have played
the game for years, are bringing out
their racquets and limbering up.

This week a tennis association was
formed with Dr. A. W. Ide, of the N.
P. sanitarium, as president, and
twenty-four others, and a suitable
piece of ground has been selected
across the street south of the court
house. Each member of the associa-
tion has subscribed \$10 and several
men are at work making a double
court that will be a credit to the as-
sociation. The ground has been
leased from the N. P. company and
seven loads of cinders from the shops
have been donated, and this will be
overlaid by 60 loads of clay firmly
and evenly packed, the court being
enclosed with the necessary netting.

Brainerd will undoubtedly see sev-
eral tennis tournaments played here
this summer. The new courts will
make five courts which the city pos-
sesses and there are more to follow.

AGITATION AND DISCUSSION

Overwhelming Desire on Part of Cit-
izens to Take Band to Greg-
ory Park

One of the leading questions of the
hour in the city, is the matter of hav-
ing the Brainerd City band give its
weekly concerts in a more suitable
place, and the most natural and only
spot is the mound at the northwest
corner of beautiful Gregory park.

Since the Dispatch inserted the ar-
ticle concerning the matter in a re-
cent issue, the matter has been thor-
oughly discussed by all citizens and
not one seems to favor retaining the
band down town.

Those who are contributing toward
its support are ready and willing to
assist in the matter, providing it be
taken up and done at once. Last
Wednesday gave further evidence of
the necessity of doing this. The
streets were almost immovable with
folks, and those who listened to the
concert were obliged to stand dur-
ing its entire length. Hundreds who
found seats were those who sat on
the curb or leaned against the rail of
the railway park. Not only the mat-
ter of seating, but that of good hear-
ing is worthy of consideration. The
bandstand is too high and the foliage
of the trees deadens the music which
our band is rendering, marring the
beautiful effects of some of its finer
music.

The matter of erecting a bandstand
and the necessary funds for same, of
course, comes up under having the
band give its concerts in the park.
Those who are discussing the matter
suggest the giving of a concert in the
opera house, or a tag day to collect
funds wherewith to defray expenses.
The treasury of the park board is de-
pleted. What is needed in the mat-
ter is for a committee of citizens to
get interested in the matter and get
it done.

That the grounds of Gregory park
be preserved during the concerts, it
has also been suggested that the
mayor appoint half a dozen special
policemen for each evening that neg-
ligent folks might be kept from
trampling the flower beds and newly
set out shrubs.

The members of the band are mod-
est suggesting the removal of the con-
certs to the region of Gregory park,
but the citizens should see to it that
the music be given there.

GOLLMAR BROTHERS CIRCUS

The Circus Has a Great Ensemble of
Clowns, Furnishing Plenty
of Fun

Buster Brown, Little Nemo, Happy
Hooligan and Foxy Grandpa would
certainly make a great quintette, at
least, so the Gollmar Brothers think,
and they back their opinion by pay-
ing notorious mischiefmakers a large
sum to travel with the Gollmar
Brothers' circus.

Those grotesque characters have
been impersonated on the stage,
with satisfactory results. A great
deal better opportunity will be given
them to display their eccentric dis-
position on the ten-acre exhibition
grounds of the Gollmar Brothers cir-
cus. Happy Hooligan and Foxy
Grandpa will be very conspicuous
about the Gollmar tents this year,
and, with Little Nemo and Buster
Brown and thirty-five jesters to as-
sist them, a very funny time is ex-
pected. Another laughable clown
stunt will be an ostrich hunt with a
comical clown as Colonel Theodore
Roosevelt.

The South African ostrich hunt
will for convenience, take place on
the great hippodrome track of the
Gollmar Brothers show, and it will
prove to be the most comical bur-
lesque ever seen under canvas. Then
Little Buster Brown and his "pup"
have a lot of funny stunts, along
with the jolly crowd of other funny
clowns.

Gollmar Brothers circus will cer-
tainly furnish plenty of genuine and
innocent fun for the patrons of that
circus when it exhibits in Brainerd,
Saturday, June 22.

Brainerd Brewery "Old Pilsener Style Lager Beer"

Is brewed and bottled in Brainerd. The label on every bottle of Pilsener Beer is an advertisement for Brainerd and its manufacturing industries. When you purchase Brainerd Beer in preference to brands that are shipped in from distant cities, you are helping to support a home institution and home labor. You can do this without cost to yourself by simply buying home products in preference to this shipped in. By so doing you will not be getting the best beer it is possible to produce, but you will be lending your aid to the cause of home industry.

That's a square deal, and that's what you get in every bottle of Brainerd beer that you buy. Our beer is honestly made. That means careful brewing, purity of ingredients, cleanliness, proper aging. We do not sacrifice any of these essentials of good beer to save expense. That would be a short sighted policy. The quality of our Pilsener beer must and will be maintained.

GNASHING OF TEETH NOT IN HELL FIRE.

Twisting the Scriptures Has
Been Making Infidels.

Pastor Russell Shows That His Text
Refers to Sorrow, Disappointment,
Chagrin, That Came Upon Jews In
Overthrow of Their Nation, A. D. 70.

(PASTOR RUSSELL)

Philadelphia, June 16.—Pastor Russell had his usual crowded house today. He delivered two addresses. We report one of them from the text, "The children of the Kingdom shall be cast out into outer darkness; there shall be weeping and gnashing of teeth." (Matthew viii, 11, 12.)

The speaker declared that in common with the majority of ministers he had misinterpreted this and similar Scriptures to refer to all the unsalvaged of mankind and to imply that they are writhing in torture in a hell whose location is unknown and which he now sees to be a human tradition without authority of the Word of God.

The Pastor analyzed his text and showed that it was addressed to the Jews, that they for sixteen centuries had been God's favored nation, in harmony with His promise to Abraham. They had much advantage every way over all the other nations—not only in the fact that the promises were given to them and the assistful influences of the Law, but additionally that to them were sent the Prophets with their encouraging messages.

Notwithstanding all these favors but comparatively few of that nation were in the heart condition to be accepted of God, to be Messiahs' joint-heirs in His Kingdom. As the natural seed of Abraham they were the children or heirs of the Kingdom, and to them Jesus presented Himself. All of His miracles and teachings went to them, yet only a few were in such condition of heart that they could receive this Message.

In the context Jesus referred to the fact that the Gentile centurion who had none of Israel's privileges had more faith than any Jew. Commenting upon this the Great Teacher declared that God would take from the Jews the special privileges, except such Jews as were "Israelites indeed," and that He would complete the number of His elect by a selection of salutary characters from amongst Gentiles.

The Election Hath Obtained It.

St. Paul declares, "Israel hath not obtained that which he seeketh for, but the election hath obtained it and the rest of the nation were blinded." (Romans xi, 7.) The elect of Israel were gathered into the New Dispensation at Pentecost and subsequently, while the Jewish people as a whole became more and more blinded and darkened in understanding until their nation expired in a time of anarchy, A. D. 70. Since then the Jews have been in trouble, in sorrow.

It was to this very condition of things that Jesus referred. He used the highly figurative language common in the East. What St. Paul styled "blindness upon Israel" Jesus described as going into outer darkness—losing the light of the prophecies and the hopes of the Abrahamic promise and thus getting into the same blind and dark condition in which Gentiles in general were. The experiences of the Jews during the past eighteen centuries Jesus described as "weeping and gnashing of teeth." His words simply signify sorrow, disappointment and chagrin.

Truly the Jews have had all of these experiences. We are glad if we see in God's Word a glorious prospect for His ancient and covenant people. St. Paul calls this promise to our attention in Romans xi, 25-33. He tells us that God's Covenant with Israel cannot be broken, but will be established, and that natural Israel shall yet receive mercy, Divine favor, at the hands and through the agency of the Church—spiritual Israel—part of whom have been selected from the Jews and some from every nation—all saintly.

"Sit Down With Abraham."

The Great Teacher declares that while the natural heirs of the Messianic promises would be cast out from Divine favor, as they have been cast out for the past eighteen centuries—in the meantime Gentiles from the East and West, North and South would be found of similar character to the Centurion whose servant was healed. And these would sit down with Abraham, Isaac and Jacob in the Kingdom, in the sense that they enter into rest. As St. Paul declared, "Who believe do enter into rest." This is the same

rest or sitting at ease that Abraham, Isaac and Jacob enjoyed. They had God's promise that eventually He would raise up a spiritual Seed of Abraham through whom all the families of the earth would be blessed.

Abraham rested upon that promise; so did Isaac; so did Jacob. And so we rest in this Divine assurance that a blessing will come to the children of Adam in God's due time; more than this, thus seated, we are resting in the Divine promise. To us has come the wonderful assurance that, if we sacrifice our little all of the present life, we shall become joint-heirs with Messiah in His Kingdom, members of His Bride—and the Holy Spirit go about heaven amongst the angels proclaiming to them that Jesus is the Son of God—just as though the angels are not aware of the fact!

Forgery Made No Doubt by Some Zealot.

That forgery was evidently made by some zealot wishing to make it appear that the Apostle taught a Trinity similar to that of the creeds. Quite to the contrary. The Apostle taught that the Heavenly Father is Almighty, above all, supreme, and that our Lord Jesus Christ is His greatly honored and special Son, whom He sent into the world to save sinners, but who, previous to His becoming flesh, was a spirit being higher than the angels and next to the Father. The Bible teaches further that the Holy Spirit, the Spirit of truth, the Spirit of God, the Spirit of Christ, the Spirit of wisdom, and the Spirit of a sound mind, which exercises the mind, the will, is in contradistinction to the spirit of error, the spirit of Satan, the spirit of wrath, etc.

The oneness between the Heavenly Father and the Son is not a oneness of person, but a oneness of harmony, of will, of purpose, of plan and of operation. And this is the testimony of Jesus Himself, who prayed for His Church that they might be one in harmony, in sympathy, in co-operation, even as He and the Father are one in these respects (John xvii, 21). Hence, as the Heavenly Father's Spirit or disposition is holy, truthful, righteous, a Divine energy, so also is the Spirit of Christ, who in all things seeks to do the Father's will.

Similar also must be the spirit of holiness in the true followers of Christ, because holiness is one, righteousness is one, truth is one, God is one; therefore, the Holy Spirit of God, of truth, of righteousness, must be of the same kind, whether emanating from the Heavenly Father Himself, or from the Lord Jesus Christ, or from the followers of Jesus: "If any man have not the spirit of Christ, he is none of His," because Christ has the spirit of the Father.

"Only Begotten"—"First and Last."

Before hearing the testimony of the Apostles we should hear the words of Jesus, of whom the Father said, "This is My beloved Son, in whom I am well pleased;" "hear ye Him."—Matthew xvii, 5; Luke ix, 35. His testimony was: "I came not to do Mine own will."—John vi, 38.

"Of Mine own self I can do nothing; as I hear I speak."—John v, 30.

"My Father is greater than I."—John xiv, 28.

"My Father is greater than all."—John x, 29.

"No man cometh unto the Father but by Me."—John xiv, 6.

"Whom the Father sanctified and sent into the world."—John x, 36.

He was called a blasphemer, not because He said He was the Father, nor because He said He was equal to the Father, but because He said, "I am the Son of God," thus attesting His Divine relationship.

On the cross He cried, "My God, My God, why hast Thou forsaken Me?" And after His resurrection He said to Mary, "Touch Me not, for I have not yet ascended to My Father. * * * I ascend to My Father and to your Father, to My God and to your God."—John xx, 17.

Surely there is nothing in our Master's teaching which supports the view of the creeds respecting His being His own Father, but everything is in full accord with the teaching of the Scriptures, that He came from above, to do the Father's will, to redeem mankind, and that the Father raised Him from the dead, not to a fleshly nature, but to the divine nature, far above angels and every name that is named.

Jesus had the glorious distinction of being the very beginning of God's creation, as the Apostle declared (Colossians i, 15-17). He was "the First-Born of every creature;" "the First and the Last;" "the Alpha and Omega;" "the Beginning and the End" of Jehovah's creation, because subsequently the Father did all of His mighty works in, through and by the Son. In harmony is the testimony of our text, "All things are of the Father (He is the Fountain); all things are by the Son" (He is the Divine Agency).

"The Logos Was a God."

Most explicit is the presentation of John's Gospel (John i, 1-5). Some of the force is lost in our English translation, especially in the first verse, which should read, "In the beginning was the Logos, and the Logos was with the God, and the Logos was a god. By Him were all things made that were made, and without Him was not one thing made. * * * And the Logos was made flesh and dwelt amongst us, and we beheld His glory as the glory of the Only Begotten of the Father, full of grace and truth." How beautifully simple is this record!

The Heavenly Father, the Fountain of all life, never had a beginning, but "from everlasting to everlasting He is God." In due time His first creation took place, and this was the Logos, most honored of all His creatures. Thenceforth every creation was performed by the Logos, in the exercising of the Divine power—"of the Father, by the Son."

The Scriptures assure us that after Jesus had finished His redemptive work the Father raised Him up by His own Divine power and rewarded Him with the highest position—glory, honor and immortality, next to Himself (Philippians ii, 8, 9; Revelation iii, 21; John v, 23). And oh, wondrous thought! The invitation of the Gospel Church to be the Bride of Christ includes a share in His glory, honor and immortality, His divine nature, at His right hand or place of favor, as He is at the right hand of the Father.

CITY COUNCIL PROCEEDINGS

A Regular Meeting of the City Council Was Held on Monday Evening

LARRABEE LICENSE GRANTED
A Nine Hour Day for City Employees Was Established—Other Business Transacted

The city council met in regular session Monday evening, all members being present with the exception of Alderman Henning. The regular order of business was suspended and the liquor license application of W. T. Larrabee, which was postponed at the last regular meeting was taken up and after some discussion granted.

The city engineer reported that he had devised a feasible plan for the extension of the general sewer from the railway dump to the Laurel street sewer and that the cost of this extension would be between \$3,500 and \$4,000 dollars. He also submitted an estimate of the amount of lumber required to repair the general sewer from the north side of the railway dump to the Mississippi river.

Communication from the water and light board asking the council to authorize the laying of a four-inch water main commencing at the intersection of Oak and 18th streets running thence east to the intersection of Oak and 19th streets, thence south on 19th street to a point about 700 feet from Oak street; also

A four-inch water main commencing at the intersection of Pine and 15th streets, running thence south on 15th street to the intersection of 15th and Portland avenue; and

A six-inch water main commencing at the intersection of Front and Broadway streets, running thence east to the intersection of Front and 9th streets and a four-inch water main on south 9th street, between Front and Maple streets, were referred to the city attorney with instructions to prepare resolutions.

The finance committee reported on bill of water and light board as follows:

Brainerd, June 14th, 1912.
To the Hon. City Council:
Gentlemen:

"In regards to the delinquent electric bill which the city owes to the water and light department, we wish to say that the state holds \$40,000 electric light bonds bearing four per cent interest, which is paid by the general taxpayers, said amount is \$1,600 per annum.

In our opinion it should be credited to the city. We therefore recommend that the water and light department be instructed to give the city credit for the amount of interest which has been paid to the state in the previous year."

Respectfully,
W. F. DIECKHAUS,
E. O. WEBB,
Finance Committee.

On motion duly made and carried, the council concurred in the foregoing report.

Resolution authorizing the construction of a lateral sewer on south

Seventh street and authorizing the city engineer to prepare plans and specifications, was adopted.

The bid of Fred Drexler to build a wagon box for the fire wagon for \$60.50, was accepted.

The water and light board was instructed and authorized to place four lamp posts at the postoffice.

The city clerk was instructed to advertise for bids for cement sidewalk and cement curbing.

The city employees were granted a nine hour day.

Ordinance No. 253, an ordinance relating to the use of streets and boulevards and prohibiting injury and damage thereto, was given its first reading.

Communication from J. H. Warner, asking a rebate on the special assessment on lots 2, 3, 4, 5, 7 and 8, block 1, of Lum & Koop's addition was referred to the city attorney.

Gollmar Brothers circus was granted a license to show in the city in accordance with the ordinance of the city.

The Central Heating company was granted a plumbers license.

A. E. Dargel was granted a license to operate a shooting gallery on south Sixth street.

Motion made and carried that the chair appoint a committee of three to act in conjunction with the city engineer in re-mapping the city and establishing monuments.

On motion the council adjourned.

FALLS TO HIS DEATH

Two Year Old Child Meets Death in an Unusual Manner Near Nisswa

The two year old baby boy of Mr. and Mrs. Dave Flansberg, whose home is near Nisswa, met death in a very strange and fatal fall yesterday afternoon. It appears that the mother was busy as usual about her household duties and the child was entertaining himself as children of that age generally do in one of the rooms of the farm house, when the mother heard the child scream and a fall from the outside of the house.

Hurrying out of doors she found the child lying beneath a good sized box of earth by the window, both having fallen about two feet to the ground. The child lived but a few minutes after being taken into the house.

It appears that the little fellow had managed to get into a chair and climbed on to the sill of the window, falling head first out of the window and the box which had contained earth and flowers coming with a fatal crush upon his abdomen. From an examination of the lifeless body it was evidenced that the child had struck head first onto the hard earth and the heavy weight of the box of earth also produced fatal injuries within.

SUNDAY SCHOOL CONVENTION

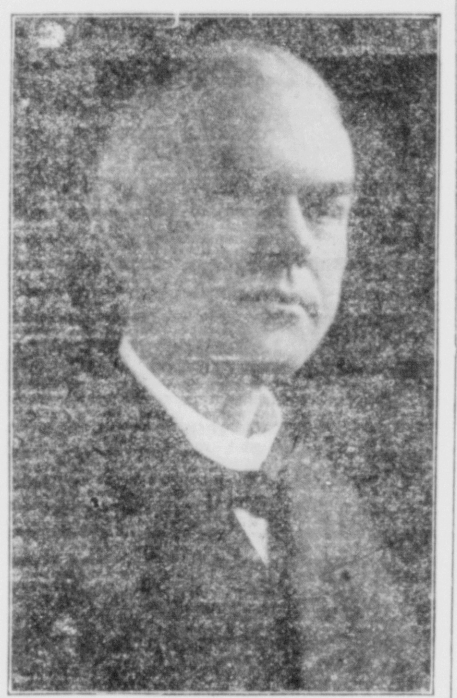

A Large Delegation to be Present Monday, Tuesday, June 25-26

MUCH INTEREST IS SHOWN

Visiting Speakers Are Prominent Minneapolis, St. Paul and Duluth Men

What is promised to be the largest Sunday school convention in the history of Crow Wing county will take place in this city, June 25-26, Tuesday and Wednesday, at the Seventh street Norwegian Lutheran church, and extensive preparations have been made to accommodate the large delegation coming. The program includes a variety of good things and the program committee has gone everywhere to select the best experts along Sunday school lines for the edification of those who will be in attendance.

Among the visitors are the Rev. S. M. Dick, D. D., of Minneapolis; Dr.

NO BAND CONCERT

As the Women's Union Label League Lecture Will be Given Near Depot Park Tonight

There will be no band concert this evening as the Women's Union Label League lectures on child labor will be held in the open air near the depot park. Many delegates and their friends will remain to hear the lectures.

DEATH OF C. A. PRENTICE

Died Early Tuesday Morning of Diabetes at the Home of His Son, J. W. Prentice

Calvin A. Prentice, aged 56, died on Tuesday morning of diabetes at the home of his son, J. W. Prentice, 409 Second avenue, Northeast, leaving a wife and six children.

The children are Mrs. Elmer Hartman, Mrs. Louis Ahlgrim and Mrs. William Ahlgrim, of Brainerd; Mrs. George Hinkley, of Wisconsin; Mrs. Walter Eades of Canada; J. W. Prentice, of Brainerd.

The funeral services will be held at 9:30 Thursday morning from the residence, Rev. A. Zabel officiating. Interment will be in Clute's cemetery 14 miles south of Brainerd, near Lenox.

Knowlen-McMahon

Tuesday morning, May 14, 1912, at the St. Theresa church parsonage the marriage of Miss Elizabeth Beatrice McMahon and Frank C. Knowlen occurred, Rev. Father Vereker officiating. A few of the relatives and intimate friends of the contracting parties witnessed the ceremony. The bride was attired in a pretty white serge tailored traveling suit and white picture hat and carried a bouquet of white roses and orange blossoms.

Mr. and Mrs. Knowlen left for a two weeks' trip in the southern part of the state. They will be at home to their many friends in this city after June 1.

It is with a great deal of pleasure that we make the above announcement. We have known the bride for a number of years, and feel that she is worthy of the very best in life, and we know that in Mr. Knowlen she will find a loyal and loving husband. Mrs. Knowlen has been employed in the Republican office for two years, coming here from Chippewa Falls, Wis., her home city. Our appreciation of her work is found in the word excellent. Her going is indeed a great loss, but we rejoice in the fact that she has very much improved her position. Mr. Knowlen is well known in Auburn and popular with all who knew him. He is connected with the Placer County Steam Laundry. Mr. and Mrs. Knowlen's many friends here and in Chippewa Falls wish them an abundance of happiness.—East Auburn Calif. Republican.

Frank Knowlen lived for many years in the vicinity of Brainerd, making his home east of the city. He was a great deer hunter and was known to all the shots of the country. His brother, Al. Knowlen, carries the mail between Aitkin and Cutler. The many friends of the bride and groom wish them all possible happiness and prosperity, in which the Dispatch heartily joins them.

RESOLUTIONS OF THANKS

By the Resolutions Committee of the Minnesota State Federation of Labor:

Resolved, that the Minnesota State Federation of Labor hereby extends a rising vote of thanks to the persons named below for their assistance in making the 30th annual convention of this federation one of the most successful in its history, and our stay in this beautiful and prosperous city so pleasant that our reception and entertainment here will be long remembered:

To Judge Sanborn, Dr. Hemstead and H. W. Linnemann, who constituted the committee which collected the money that made the convention here possible, and to those public-spirited citizens who contributed the financial means;

To Mayor H. P. Dunn for the hearty welcome on behalf of the city of Brainerd and the words of encouragement extended to us;

To President Carl Zapffe, of the Commercial club for the welcome extended on behalf of that organization, and for the instructive address concerning Brainerd and Crow Wing county;

To Rev. W. J. Lowrie for invoking the blessings of God on our deliberation, for his wise talk in the convention, and for devoting the evening services on Sunday in the First Presbyterian church to the cause of labor;

To Rev. J. J. O'Mahoney for his forceful and logical address on the opening day of the convention;

To the automobile owners of the city for the enjoyable automobile ride given us, which enabled us to gain a more comprehensive knowledge of Brainerd and its surroundings than would otherwise have been possible;

To Messrs. Schlange & Coleman for the splendid cigars contributed for our comfort and enjoyment on Tuesday afternoon;

To the Women's Union Label League for furnishing the refreshments at the dance Tuesday evening;

To the press of the city for the courtesies extended before and during the convention, and particularly to the Daily Dispatch;

To the committee on arrangements consisting of Brothers Brown, Taylor, Little, Gabiou, Britton, Frampton, Widemann, Christine, Long, Nicholson, Dunn, Lyons, Isle, Rendenman, Lux and Mrs. Schlange and Mrs. Betts, for the perfect manner in which all details were arranged to carry on the work of the convention and its committees, and for our personal comfort and happiness while in this city;

And to all others who may have aided in the success of the convention and the personal welfare of the delegates.

By H. W. GOETZINGER,
Chairman.

Missionary Society Meets

The Woman's Home and Foreign Missionary society of the Presbyterian church was entertained on Friday afternoon by Mrs. V. L. Hitch.

The president, Mrs. A. M. Opsahl, presided. The home topic, "Alaska," was taken by Mrs. Barker. The foreign topic, "South America," by Mrs. Ludwig. Mrs. John McKay conducted the prayer service.

A number of visitors were present and at the close of the program, delicious refreshments were served by the hostess.

HALL AND McEWEN AGAIN HEAD S. F. OF L.

(Continued from page 1)

But the house by vote expressed good wishes for the labor men and the hope that it will be able to enact the desired law early in the regular session.

The telegram also contained the information that the house had passed unanimously the Campbell child labor bill and it was now a law.

The following telegram was received from Frank Morrison, the secretary of the American Federation of Labor: "On behalf of the American Federation of Labor I extend fraternal greetings to the officers and delegates in convention assembled and express the sincere hope that your deliberations will materially aid your organization in successfully prosecuting its work in the cause of labor."

The committee on officers' reports agreed with the president that too much aid cannot be given by the federation to women and children and that more good can be accomplished

by strengthening the weaker unions than by allowing them to shift for themselves and organizing new unions. They recommended the Union Forward movement and the establishing of a co-operative league which will be of great benefit to the producer and consumer, thus eliminating the middleman. They agreed with the secretary-treasurer that the legislature should extend the application of the present law regarding the hours of labor in the employment of women and children to all classes of labor, and the hours of labor be changed from a 58 hour week to an 8 hour day. They asked for the support of the minimum wage bill and agreed with the secretary-treasurer in regard to outlining a program of political action. The initiative and referendum were endorsed.

The committee further commended in the highest terms the officers of the federation. Their reports were conclusive evidence that the delegates to the 29th convention had made no mistake electing them.

A telegram was read from International Secretary Peter W. Collins: "Our International Brotherhood and its officers extend to your convention through you as secretary our sincere best wishes for the continued progress of the trade union movement in your state."

Colonel Says He Is Better Warrior Than Prophet.

Chicago, June 19.—"I'm a better warrior than a prophet," said Colonel Roosevelt when he was asked his opinion of the outcome of the convention. That was all he would say.

Mr. Roosevelt directed his own battle in the convention hall over a telephone wire. Hidden away in a room in his hotel he spent most of the time with a receiver at his ear, listening to reports of his lieutenants and issuing orders in person.

FREE HAND TO DIRECT BATTLE

Roosevelt Has Hadley for Convention Floor Leader.

BOLT TALK IS DYING OUT

Managers of Colonel's Campaign Decide to Make Contest Over Report of the Credentials Committee a Decisive Test of Strength—All Roosevelt Delegates Are Given Tip to Follow Missouri Governor.

Chicago, June 19.—Colonel Roosevelt and his leaders decided to make the contest over the report of the credentials committee today a decisive test of strength.

Governor Hadley of Missouri received a commission to exercise a free hand in directing the fight on the floor of the convention. Word was passed to all Roosevelt delegates "to follow Hadley."

Talk of a bolt as a result of the decision to disregard the action of a majority of the convention unless it be composed of uncontested delegates was said to be unfounded.

Colonel Roosevelt addressed a caucus of Roosevelt delegates for a quarter of an hour. He congratulated them on the stand they had taken in the convention and urged them to stand by Governor Hadley. He said that the situation seemed to be most encouraging and he felt sure the convention would not support the national committee and seat delegates who, he asserted, had no rights in the convention. In emphatic language the colonel told the delegates that he would not abide such action and that he felt sure they would not.

The Taft leaders say ample opportunity will be given for a discussion of Governor Hadley's motion to substitute ninety-two Roosevelt delegates for that number of contested Taft delegates. At the same time they say the proposition is entirely without the bounds of reason.

At a conference of the Taft leaders it was decided that no parliamentary points of order should be made against the Hadley motion and that three hours should be allowed for debate. The motion either will be allowed to come to a vote on its own merits or on a motion to refer the entire matter to the committee on credentials.

INCREASES IN INTEREST

Larger Crowds Attend and Citizens Pleased—Variety of Themes Covers Large Field

Yesterday witnessed decidedly larger audiences at the opera house, and it looks now as if the citizens of Brainerd are waking to the fact that a mighty host of scientists, scholars and others are bringing with them a great wealth of knowledge both useful as well as entertaining.

"Social Possibilities of Rural Communities," was discussed yesterday afternoon by Professor E. M. Phillips in a most practical and scientific manner, and the speaker was listened to with much pleasure and profit. He dwelt largely with the differences between the rural school and the consolidated rural school, showing how much more scientific and beneficial in every way the latter was to the former. The speaker was of the opinion that the single rural school would undoubtedly be in use for some time to come owing to certain local conditions, but that ultimately they would give way to the larger and better adapted consolidated rural school. One of the objections against the consolidated rural school in the minds of people was the larger expense which was thought to be attached to its running, but the speaker showed from statistics that the rural consolidated school was the cheaper in the ultimate. He also pointed out the difficulties which the county superintendent of schools encountered as compared to the city superintendent; how it was impossible for the county superintendent to know the personnel and proficiency and efficiency of several score teachers under his or her care, while the city superintendent had the personal touch and meet of the teaching staff under their care; that the one room school handicapped both teachers and scholars and made it of the lowest efficiency.

Mr. Phillips went into the material and physical factors which enter largely into the matter relative to ventilation, hygiene, heating, temperature, water, etc. He thought that there was no comparison worth noting as to the superior merits of the rural consolidated school over the one roomed rural school, but said that no pressure was being used in the matter and that people were beginning to see and realize its advantages and were demanding them in many places.

Professor F. C. Farry, of the chemistry department of the university, gave a most entertaining and scientific lecture on "Colored Photography," and he demonstrated the beauty of the camera's work in color to that of the mere white and black. The lecturer gave a large number of stereoscopic pictures in which were depicted work done by the camera in blue, green and red, of both animate and inanimate objects. His lectures contained the latest discoveries in photography, and his lecture was

more like an inspiring talk on art.

Mrs. George H. Prudden, one of the instructors of the Minneapolis school of elocution and oratory, interested a large audience in her repertoire of dramatic impersonations, and was repeatedly encored for her work. She completely swayed her audience at will and showed great versatility in the several readings which she rendered.

At the evening lecture on "The Gyroscope," a scientifically demonstrated lecture, given by Dr. Bert L. Newkirk, of the departments of mathematics of the state university, a large audience was on hand to hear.

Those who were not there missed a rare treat. Doctor Newkirk is a most pleasing and entertaining speaker and held the close attention of his auditors. His lecture was not the "dried tongue" affair which lectures of that type are, but he made it very much alive and the audience followed throughout. Dr. Newkirk said in part: "The gyroscope is no longer a mere toy for the amusement of youth. It has come to be of great importance in the domain of practical affairs. Its amazing and mystifying behavior are being turned to account in the solution of engineering problems. It is destined to play a conspicuous roll in the future development of mechanical science."

"The gyroscope is simply a wheel which can be made to rotate rapidly. The peculiarities of its behavior are called gyro-action. The first of these is a resistance which the wheel offers when any effort is made to change the direction of its axle. This is called gyro-resistance. It can be observed by any one very easily as follows: Grasp the handle bar of a bicycle and lift the front wheel from the ground. Let some one set the wheel to spinning rapidly; then turn the handle bar quickly to the right or left. This will change the direction of the axle of the wheel and the resistance will be very apparent. Manifestations of this gyro-resistance are numerous. It makes possible the rolling of a coin upon the floor or a hoop upon the street. It keeps the monorail car, devised by Mr. Brennan, upright. It causes the rifle bullet with its rapid twist to fly toward the mark point first, ie, without upsetting. When we expect a steady effort to change the direction of the axle, motion follows, but in a direction at right angles to that in which we are attempting to turn the axle. This is very well illustrated by the behavior of the gyro-dumb bell. This is a dumb bell containing a pair of rapidly rotating wheels. When one undertakes to exercise with his it behaves like a thing alive with a will of its own."

The most important application of the gyro-action is the gyro-compass. The magnetic compass is a very useful instrument, but it leaves much to be desired in the matter of reliability and accuracy. Many ships have met disaster on account of the short comings of the magnetic compass. The gyro-compass is undoubtedly more reliable and more accurate, and it will surely take its place as one of the essentials of civilization. The gyro-compass is in its essential outline a wheel with a motor to keep it running suspended or floated so that the axle is kept horizontal, but otherwise free to point in any direction. The rotation of the earth causes the wheel to turn so that the axle points north or south.

Application of the phenomena of gyro-action to useful devices is beset by difficulties on account of the complex nature of the phenomena. In the development of this field the student of mechanics must take a leading part. The department of mechanics in the college of engineering at the state university is attacking these problems from the mathematical and the experimental point of view.

Under the head of "Fighting Tuberculosis," a lecture by A. R. Blakeley, of the state board of health, was most elaborately illustrated, the lecturer said in part:

"To treat tuberculosis successfully requires the combined action of a wise government, well trained physicians, and an intelligent people. The state board of health is trying to enlist the people all over the state in this campaign. We are endeavoring to point out the situation, to show the need and then suggest some ways of meeting this need."

"We believe that when the people realize that tuberculosis is an enormous unnecessary loss that they will wisely stop it as has been done in certain countries abroad and in certain eastern states in this country. We can fight tuberculosis in two ways: first, by avoiding as many germs of the disease as possible; secondly, keeping our bodies in the healthiest possible condition."

"As to avoiding the germs: those who have the disease are the centers from which germs are distributed to other persons, unless the patients are careful to destroy them by burning or disinfection. To make these persons safe and to give them the best possible chance to recover, they ought to be in tuberculosis hospitals. These institutions ought to be near home so that the consumptive's friends and relatives can see them often and encourage them and cheer them up. Until we get many more of these hospitals in Minnesota we stand in much need of visiting nurses and who can show the people how to regain their health in the home. Another way to avoid the germs is to

eliminate public drinking cups, careless spitting and such means of transferring germs from the sick to the well."

"The other side of the tuberculosis fight is carried on by building up the resistance of the body so as to make it less susceptible to infection. This is done by avoiding all excesses as much as possible, breathing good air, eating good food, etc. But it is among children where this side of the fight is effective. The larger cities now have the open-air schools, fresh-air camps, play grounds, etc. The results of such institutions are very beneficial."

Tuberculosis is a serious economic problem. It entails a loss to the state every year of something like \$18,000,000 basing the estimate upon the money value of the lives lost, the cost of medical attendance and nursing and the time lost during illness. This enormous loss if prevented would build two state capitols larger than the present one, every year, and would defray the total cost of running the state government of Minnesota."

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
